

Create Behavior Data Report

Users with the **Behavior Report View** role can generate and search saved **Behavior Reports.**

The Behavior Report can be generated in two formats:

- Graph
- Table

The Behavior Report Graph format

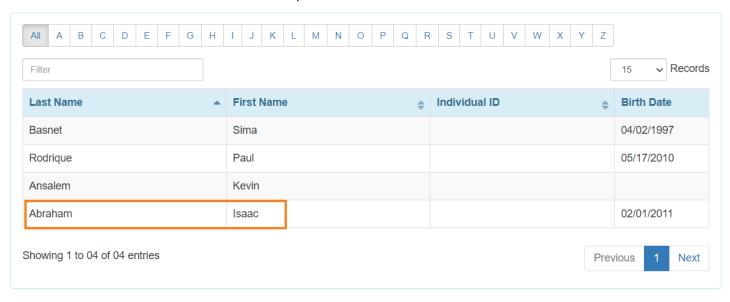

1. Click on the **Report** link beside the **Behavior Data** option under the **Care** section from the **Individual** tab.

2. On the **Select Individual for Behavior Report** page, select the individual from the list.

Select Individual for Behavior Report

- 3. On the **Behavior Report** page, select the parameters and options based on which the report will be generated. There are four types of Behavior Report as follows,
 - Behavior Event Data Frequency Report
 - Intervention Event Data Frequency Report
 - Behavior Interval Data Frequency Report
 - Behavior Interval Data Percentage Report

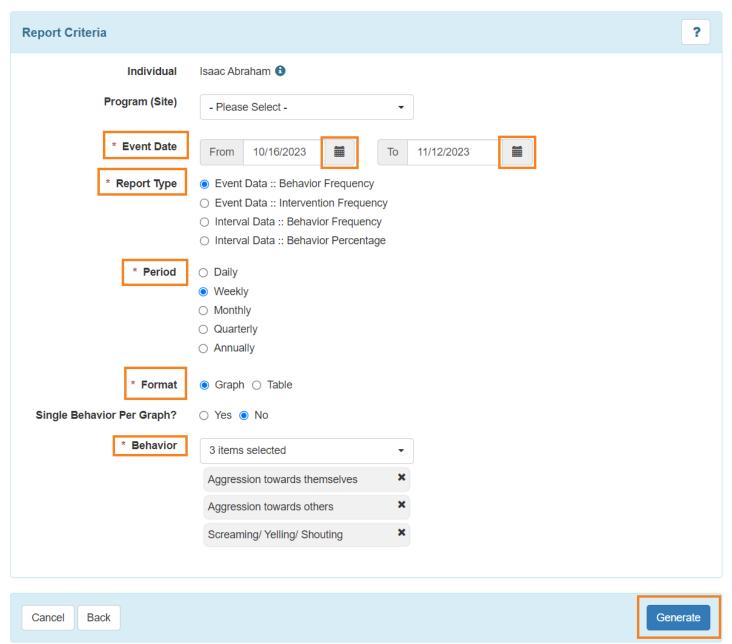

Select the **Event Date** from the calendar icon and select the **Report Type, Period, Format(Graph)** from the given options and add **Behavior(s)** from the drop down list.

Click on the **Generate** button to see the **Behavior Report.** The report will be generated.

- Select the **Event Date** from the calendar icon and select the **Report Type, Period, Format(Graph)** from the given options and add **Behavior(s)** from the drop down list.
- Click on the **Generate** button to see the **Behavior Report**. The report will be generated.

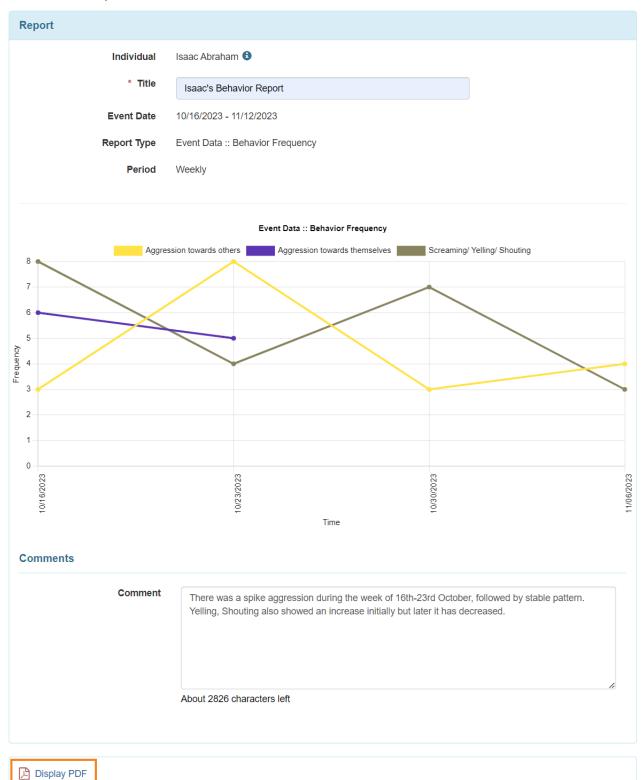

Behavior Report

Behavior Report New 6

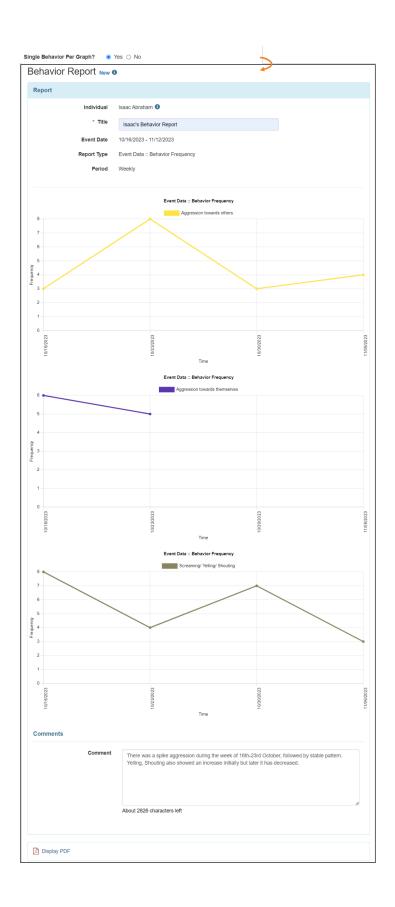

• Click on the **Display PDF** option to get the report in PDF format.

Note: Users can generate single graphs for each behavior by selecting the **'Yes'** option from the **Single Behavior Per Graph?** Field.

Note: Users can generate the Behavior Report in graph format for **Event Data :: Behavior Frequency** and **Interval Data :: Behavior Frequency**.

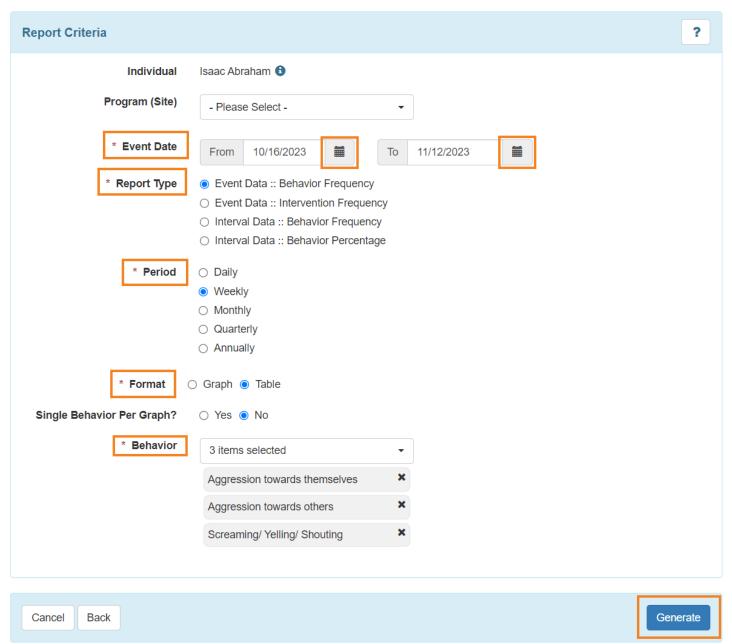

The Behavior Report Table format

Select the **Event Date** from the calendar icon and select the **Report Type, Period, Format** >**Table** from the given options and add **Behavior** from the drop down list.

After that, Click on the **Generate** button to see the **Behavior Report.** The report will be generated.
