

Create Behavior Plan

To implement behavior therapies such as Applied Behavior Analysis (ABA), the **Behavior Plan** is a structured tool to document an individual's target behaviors, including antecedents and intervention strategies.

Users with the **Behavior Plan Submit** role can submit Behavior plans.

1. Click on the **New** link next to the **Behavior Plan** option in the **Care** section of the **Individual tab**.

The screenshot shows the Therap Global software interface. On the left, there is a sidebar with links for Favorites, Individual Home Page, Individual (which has an orange arrow pointing to it), and Reporting. The main area is titled 'Care' and contains sections for Behavior Data, Behavior Plan, and Case Note. Under Behavior Plan, there are 'New' and 'Search' buttons, with 'New' being highlighted with an orange box.

2. On the **Select Individual For Behavior Plan** page, select the individual for whom the Behavior Plan will be created.

Select Individual For Behavior Plan

All	A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y	Z
Filter																									15 Records	
Last Name	▲	First Name	▼	Individual ID	▼	Birth Date	▼																			
Aacharya		Manab																								
Abdur		Rahman				04/02/1997																				
Basnet		Sima				02/01/2011																				
Abraham		Paul				05/17/2010																				

3. Behavior Plan form will be opened.

In the **General Information section**, the filled with **Red asterisks (*)** are required fields and must be filled in with the appropriate information.

- Users will see the **Individual Name**
- In the **Plan Author** field, users can select the author of the behavior plan from the dropdown list
- The **Start Date** field will be set to the current date, but by clicking the calendar icon, the user can change the date. Users can also enter the **End Date** and **Guidelines** and **Add or Scan** file in the **Attachments** field for the Behavior Plan and these are not mandatory.
