

Enter and Search Behavior Data

Users with the *Behavior Data Submit* role will be able to create new and search Behavior Data forms.

- Enter Behavior Data
- Search Behavior Data

Enter Behavior Data

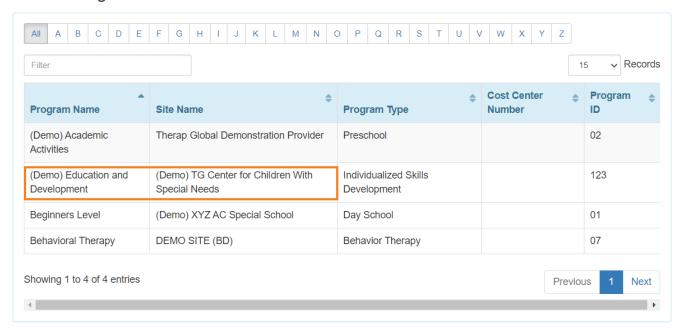

1. Click on the **New** link beside the **Behavior Data** option under the **'Care'** section from the **Individual** tab.

2. On the **Select Program for Behavior Data** page, select the program.

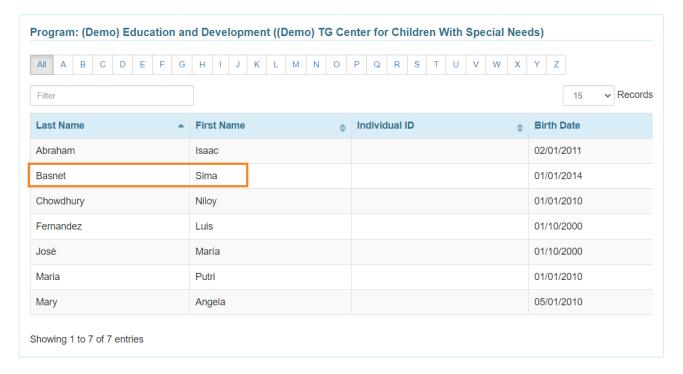

Select Program for Behavior Data

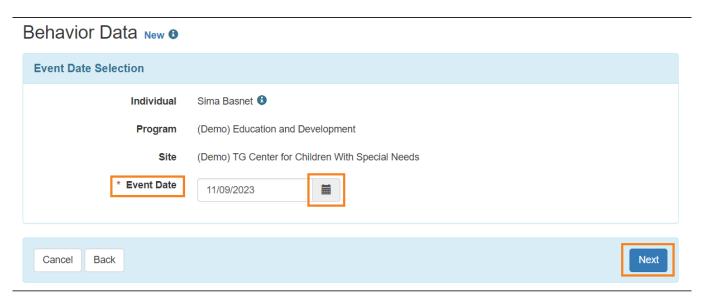

3. Select an Individual from the **Select Individual For Behavior Data** page.

Select Individual For Behavior Data

4. Behavior Data form will be opened. Select the **Event Date** from the calendar icon and click on the **Next** button to proceed.

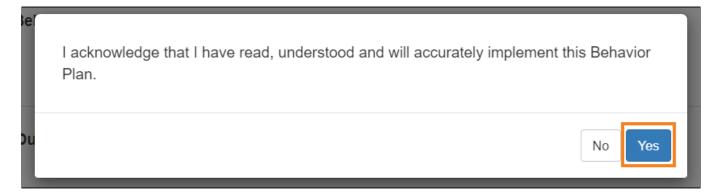

• Selecting the Behavior Plan will open the Behavior Plan form in read-only format if you haven't acknowledged it already. Click the **Acknowledge** button at the bottom of the form.

• Click on the **Yes** button from the pop up to acknowledge the Behavior Plan.

Behavior Data New form will be opened.

5. In the **General Information section**, the field with *Red asterisks (*)* are required fields and must be filled in with the appropriate information.

Users will be able to see the Name of the **Individual**, **Program**, **Site**, **Plan Guidelines**, **Event Date**.

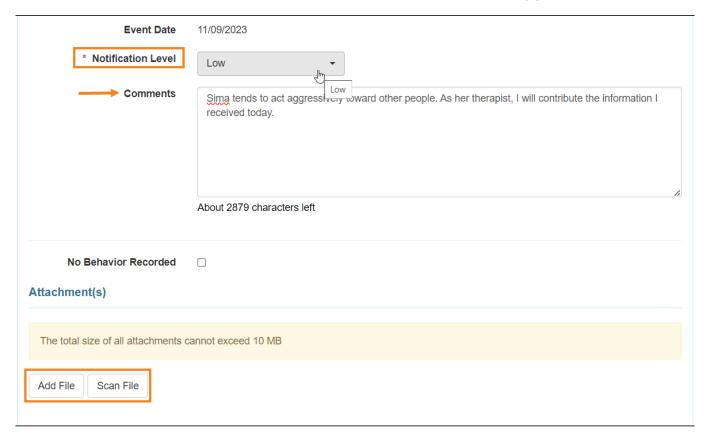

Behavior Data New 6

• Select the **Notification Level** from the dropdown list. Users can also add comments in the **Comments** field and **Add** or **Scan File** under **Attachment(s)** section.

Note: Users can select the **No Behavior Recorded** check-box if no target behaviors are detected on the selected Event date. Users will not be able to enter **Event Data** or **Interval Data** information on the Behavior Data form if this check-box is selected.

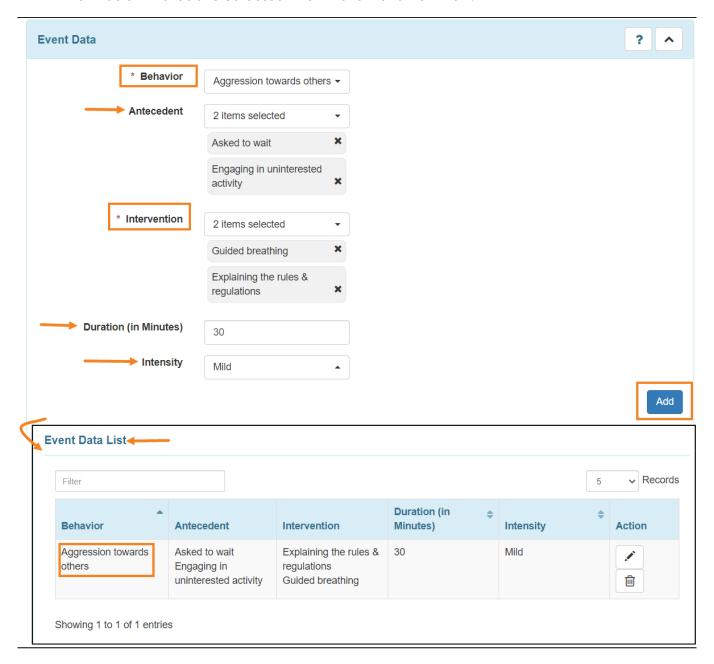

- 6. In the **Event Data** section,
 - Select the **Behavior and** then select the **Antecedent(s)** and **Intervention(s)**

using the dropdown list.

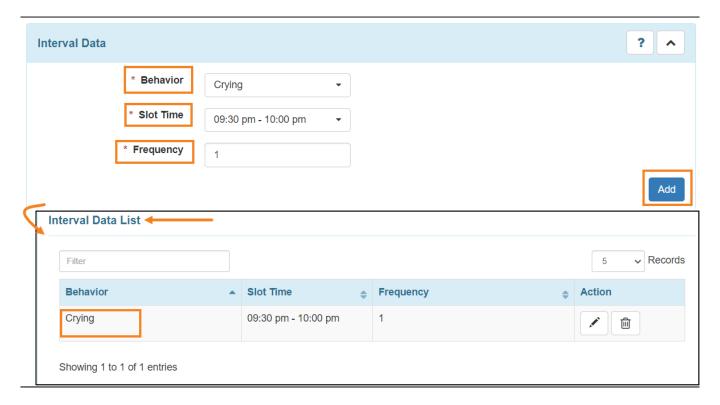

- Duration and Intensity fields are optional, and add information if needed
- Click on the **Add** button to add the behavior with antecedent(s) and intervention(s) in the **Event Data List.** Similarly, users can add the other target behavior(s) related information if that are selected within the Behavior Plan.

7. In the **Interval Data** section,

- Users can select **Behavior**, **Slot Time** and **Frequency** from the dropdown list.
- Click on the Add button to add the behavior in the Interval Data List.

Click on the **Save** button to save or **Submit** button to submit the data.

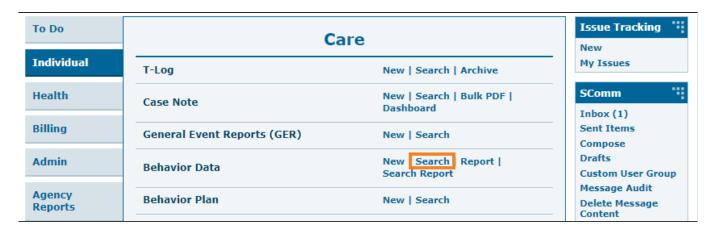

Users will get a successful message after saving/ submitting the data.
