

Generate ISP Data Dashboard

Users with **ISP Data Dashboard** *administrative role* and **ISP Report View Super Role** can generate ISP Data Dashboard.

The ISP Data Dashboard allows users to generate all ISP program-related data at once. The **Dashboard** will show information for both submitted and deleted ISP Data within the selected date range and can be generated for a maximum of **7 days**. Several criteria are included in the **Dashboard** along with the counts of data related to **ISP Data**.

Users may generate **ISP Data Dashboard** from both the **Individual** Tab and the **Admin** Tab depending on the roles and privileges assigned to them.

1. Click on the **Dashboard** link beside **ISP Data** under the **Care** section of the **Individual** Tab or the **Admin** Tab.

4. You may click on the count displayed beside each category to view the list of that category. You

can also download the result in Excel file by clicking on the **Export To Excel** link.

The screenshot shows the 'ISP Program' interface. On the left, a sidebar lists 'Activities of Daily Living (ADL) Skills First Term' and 'Activities Term 1'. An orange arrow points to the 'Activities of Daily Living (ADL) Skills First Term' option. On the right, a modal window titled 'ISP Data List' is open, showing a table of data. An orange arrow points from the sidebar to the modal. The table has columns: Form ID, Program (Site), Individual Name, Data Collection Date, ISP Program Name, and ISP Program Status. Below the table, there is a filter input, a '10 Records' dropdown, and an 'Export to Excel' button highlighted with an orange box.

Form ID	Program (Site)	Individual Name	Data Collection Date	ISP Program Name	ISP Program Status
