[Forgot Password?](#)[Trouble Logging In?](#)

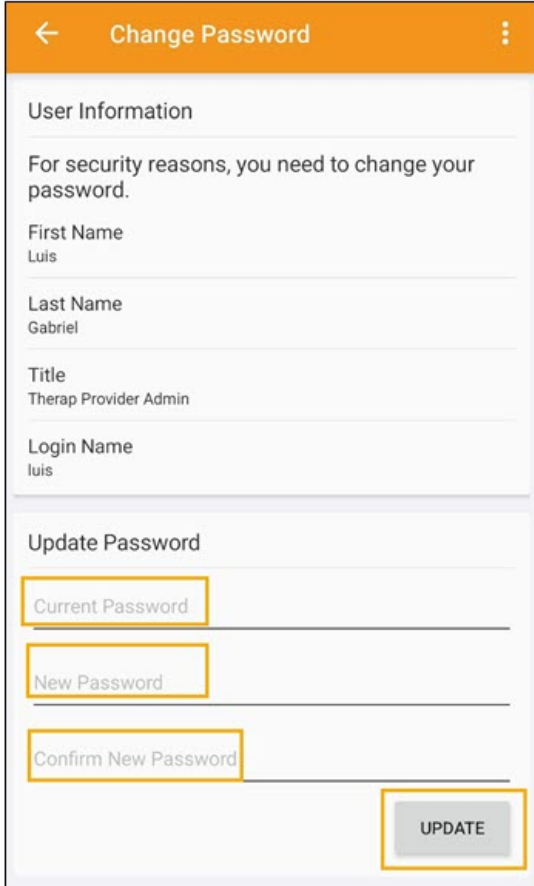

Note: New users will be directed to change their password.

Enter the **Current Password** (that was used to login). Then enter a **New Password** (at least **8** characters must be entered for the new password) and retype it in the **Confirm New Password** field. Once you are done, click on the Change Password Button (**iOS Users**) or **Update** button (**Android Users**) to save the new password.

The iOS 'Change Password' screen features an orange header with 'Change Password' and 'Logout' buttons. Below is a 'USER INFORMATION' section with a message: 'For security reasons, you need to change your password.' followed by fields for First Name (Luis), Last Name (Gabriel), Title (Therap Provider Admin), and Login Name (luis). The 'UPDATE PASSWORD' section contains three password fields: 'Current Password', 'New Password', and 'Confirm New Password', each with a toggle icon. A blue 'Change Password' button is at the bottom.

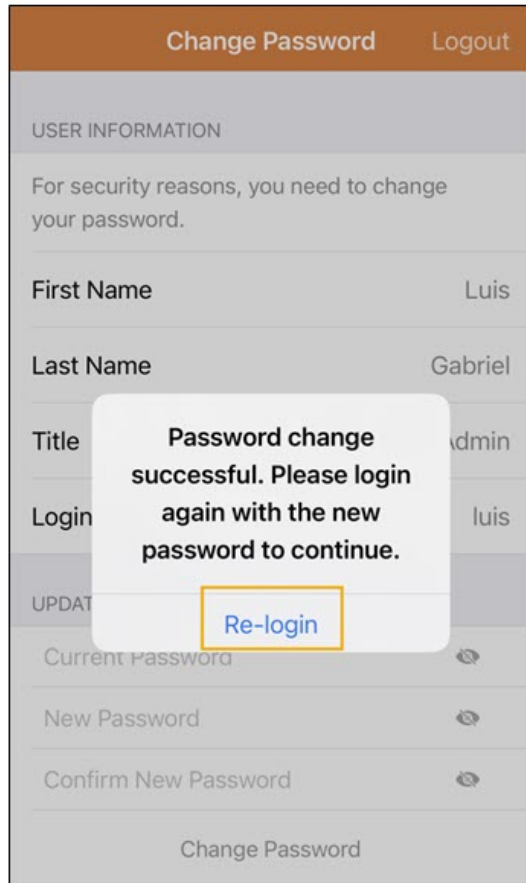

iOS

The Android 'Change Password' screen has an orange header with a back arrow, 'Change Password', and a menu icon. The 'User Information' section includes the same security message and user details as the iOS version. The 'Update Password' section features three password fields: 'Current Password', 'New Password', and 'Confirm New Password'. A grey 'UPDATE' button is located at the bottom right.

Android

Note: A success notification will be appeared. Users may click on the **Re-Login** button (**iOS Users**) or **OK** button (**Android Users**) and enter the new password to login.
