

Enter Respiratory Treatment

The Therap Health Tracking **Respiratory Treatment** module allows the users to enter details of Pulse, Respiration Rate, Oxygen Saturation and Lung Sounds before and after a **respiratory treatment**.

Users will need the **HT Submit** role to enter **Respiratory Treatment** information for individuals.

1. Click on the New link beside the Respiratory Treatment option under the Health tab.

2. Select a program from the 'Select Program For Respiratory Treatment' page.

Select Program For Respiratory Treatment

Program Name	Site Name	Program Type	Cost Center Number	Program ID
Academy	Therap Global Demonstration Provider - Dhaka	Preschool		02
Behavioral Therapy	DEMO SITE (BD)	Behavior Therapy		07
Bluestar(Day shift)	DEMO SITE (Dhaka)	Day Program		01
Child Care Center	Demo-Bashundhara	School		01

3. Select your preferred **Individual** from the Individual List.

Select Individual For Respiratory Treatment

Program: Behavioral Therapy (DEMO SITE (BD))

4. On the '**Respiratory Treatment**' page, enter the required information in the 'General Information' section.

Respiratory Treatment New ?

General Information

Individual	Hasan Rahman
Program	Behavioral Therapy
* Reported By	<input type="text" value="Imran Rahman, Teacher"/>
* Date	<input type="text" value="05/05/2020"/> 
Notification Level	<input type="text" value="Low"/>

5. You can enter information in the Respiratory Treatment Information section. You can change the **Event Time** according to your needs. Information regarding the **Pulse, Respiration Rates** and **Oxygen Saturation** can be also entered. The normal ranges for 'Pulse', 'Respiration Rates', 'Oxygen Saturation' are shown under each text field.

Respiratory Treatment Information

* Event Time ←

Pulse

Before Treatment
30 - 225

After Treatment
30 - 225

Respiration Rate

Before Treatment
5 - 80

After Treatment
5 - 80

Oxygen Saturation

Before Treatment
95 - 100

After Treatment
95 - 100

For the entered values that are out of range, it will show a warning mentioning: *The value entered is not within the normal range for 'Specific' Treatment.* Click on the **Ok** button to continue submitting the form.

The value entered is not within the normal range (95 - 100) for **Oxygen Saturation After Treatment**

Ok

Lung Sounds can be entered if needed.

The screenshot shows the 'Lung Sounds' form in two states. The top part shows the form with a dropdown menu open for the 'Before Treatment' field. The dropdown menu lists options: '- Please Select -', 'Clear', 'Rales', 'Rhonchi', 'Wheeze', and 'Other'. An orange arrow points to the dropdown menu. The bottom part shows the form with the 'Before Treatment' field set to 'Rales' and the 'After Treatment' field set to 'Clear'. The 'Does Order Exist for Chest Physiotherapy?' field has radio buttons for 'Yes' and 'No', with 'No' selected. An orange arrow points from the top form to the bottom form.

6. Click on the **Save** or **Submit** button once you are done entering the required information. If you save the form you will be able to locate it from your Worklist for 30 days.
