

Search Medication History

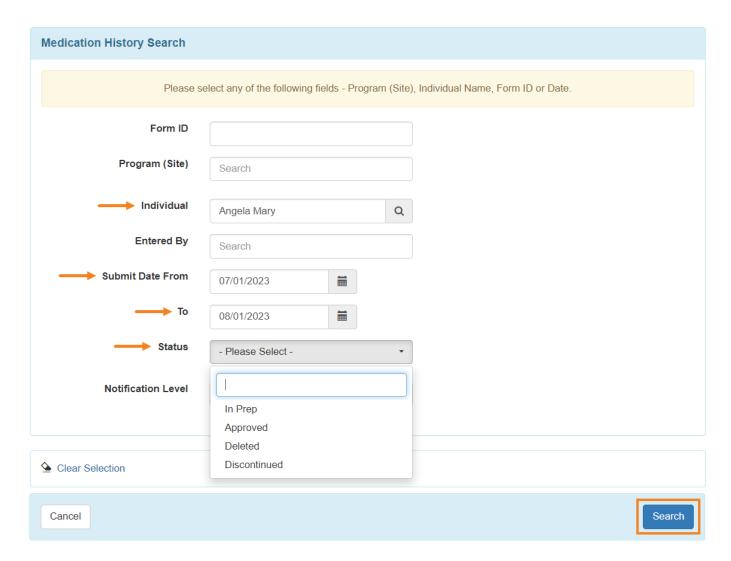

Users assigned with the *HT Submit* or *HT View* role can search for **Medication History** forms.

1. On the **Health** tab, click on the **Search** link beside the **Medication History** option under the **Medication History** section.

2. On the **Medication History Search** page, after entering appropriate search parameters, click on the **Search** button from the bottom of the page.

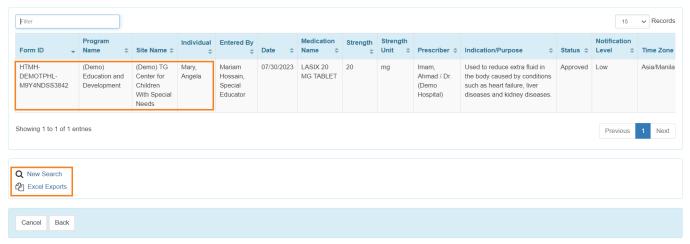

Note: Users can select any option from the dropdown of the **Status** bar based on the Status Type

3. On the **Medication History Search** page, click on the Medication history form which you want to view.

Medication History Search

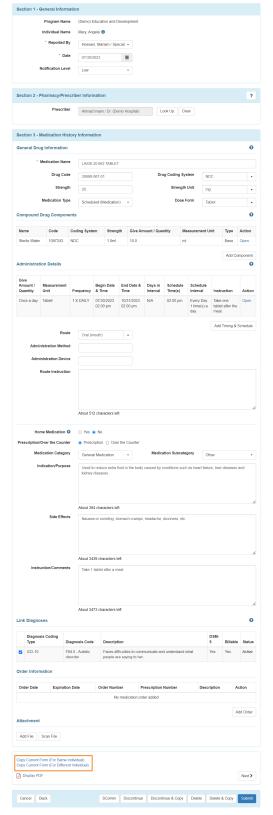

Note: Clicking on **New Search** will take the user back to the Search Page to search for a different report. Users may click on the **Excel Exports** link to select the **Export to Excel** or the **Export to Detailed Excel** link to export the Search Results to Excel.

4. The **Medication History** form will be opened.

Medication History Approved 6

Note: Users can copy the same form for the same individual by clicking on the **Copy Current Form (For Same Individual)** or **Copy Current Form (For Different Individual)**
